

Dating Success and Neurodiversity: Steps That You Can Take To Date Successfully and Have a Great Relationship

Are you a neurodiverse person who would like to learn about strategies and techniques for making dating work for you?

Would you like dating to evolve into a meaningful relationship?

Considerations

- You can learn to identify and apply your strengths
- Find commonality with others
- See the benefits of developing confidence while dating

Goals

- Identify strategies for dating successfully
- Learn how to use neurodiversity to your advantage
- Identify the traits and qualities to find the right person
